Program Choice: (see our website www.clcofme.org for a complete description)

Go for Launch: Offering adults what students get to do—a chance to play roles in Mission Control and the Space Station, working as a team, solving problems, accomplishing a common goal. It's a great way to bring together a group of adults for a day out of the office. This mission is two hours long.
Cost: Recommended Donation \$1000

Take off and Landing: Includes the two-hour mission simulation, one hour of teambuilding activities prior to the mission, and a one-hour interactive discussion to debrief the skills used during the mission.
Cost: Recommended Donation \$2000

Billing:
